

Peace Class Home Learning Grid – Spring 2024

Reading	Writing	Spelling	Art/DT/French
Read a range of books and earn enough quiz points to move your rocket on AR.	Spend 10 minutes a week writing a text of your choice. This could be writing your own story, keeping a diary, explaining how to be brilliant at a computer game etc.	Learn your current spelling bookmark and be ready to be tested on it in class. Bookmarks can be found on the school website and get sent home.	Practise your use of French classroom instructions by playing Simon says in French with a friend or family member.
PE	Maths: Times Table Rockstars	Maths	Computing
Improve your hand-eye coordination by throwing a tennis ball in the air and seeing how many claps/spins you can get before catching it again.	Play 5 minutes each day - aim to increase your soundcheck score by 2 - 3 points (or maintain 25/25 if you're there already!).	Spend 20 minutes a week on Maths Flex following your pathway.	Explore Scratch further, including the sound effects so that you can share your knowledge with others during lessons.
Science	Geography/History	PSHE	RE
Conduct an investigation into sound at home by making a homemade instrument. Can you see any part of your instrument vibrating when it makes a sound?	Create your own Ancient Maya artefact! This could be a detailed design drawn on paper/the computer or a model of the Chichen Itza, a sculpture or an idea of your own.	Design a poster showing all of the ways that we can care for our wider World. This could be for a local park, Plymouth as a city or a location of your choice.	Research a different miracle (we're focusing on the Healing of the Centurion's Servant) and draw a storyboard to show what happens.
