

Peace Class Home Learning Grid – Autumn 24-25

Reading	Writing	Spelling	Art/DT
Read a range of books and earn enough quiz points to move your rocket on AR.	Spend 10 minutes a week writing a text of your choice. This could be writing your own story, keeping a diary, explaining how to be brilliant at a computer game etc.	Learn your current spelling bookmark and be ready to be tested on it in class. Bookmarks are sent home inside reading diaries.	Have a go at creating your own cave painting using natural materials (e.g. charcoal, berry juice etc.) in a cave/on a rock just like humans in the Stone Age.
PE	Maths: Times Table Rockstars	Maths	Computing/French
Explore other routines (not the Haka) performed by teams before a game. Try to learn one of these routines and video yourself performing it or come into school prepared to teach it to others.	Play 5 minutes each day - aim to increase your soundcheck score by 2 - 3 points.	Spend 20 minutes a week on Maths Flex following your pathway.	Go online to Barefoot computing https://www.barefootcomputing.org/homelearning Have a go at the interactive learning games.
Science	Geography/History	PSHE	RE
Find some real fossils on the beach or research and make your own model fossil (there are loads of different ways explained on the internet).	Create a volcano! This could be a detailed design drawn on paper/the computer, a simple model or even a volcano that erupts!	Design and make a friendship game or a poster that shows ways to overcome disagreements and difficulties alongside who can help you.	Write a list of 5 ways that you will try harder to care for God's creation and our common home. Then take a photo or draw a picture of you fulfilling each promise.
